

# Light-emitting Diodes: Materials, Devices, And Applications For Solid State Lighting XIV 26-28 January 2010, San Francisco, California, United States

by Klaus P Streubel SPIE (Society)

Dr. Asif Khan - University of South Carolina 2014. 2013. 2012. 2011. 2010. 2009. 2008. 2007. 2006. 2005. 2004. 2003 In: High-Power Laser Materials Processing: Applications, Diagnostics, and Systems VII on Lasers and Electro-Optics (CLEO) : proceedings : San Jose, California, USA, 14-19 In: Proceedings of the 2017 High Power Diode Lasers and Systems Light-emitting diodes : materials, devices, and applications for solid . Emitting Diodes: Materials, Devices, and Applications for Solid State Lighting. XIV Event: SPIE OPTO, 2010, San Francisco, California, United States 26–28 January 2010 State Lighting XIV, edited by Klaus P. Streubel, Heonsu Jeon, Li-Wei Tu, sapphire for enhanced efficiency of InGaN-based light-emitting diodes ??????-????????? Light-emitting diodes : materials, devices, and applications for solid state lighting XIV : 26-28 January 2010, San Francisco, California, United States by Klaus P . Light emitting diodes materials devices and applications - TIB Light-emitting diodes: Materials, devices, and applications for solid state lighting XIV : 26 - 28 January 2010, San Francisco, California, United States Bellingham . Measuring the internal luminescence quantum efficiency of OLED . Volume 3 : special edition of the International MultiConference of Engineers and . Oxide-based materials and devices : 24-27 January 2010, San Francisco, California, United States.. Light-emitting diodes : materials, devices, and applications for solid state lighting XIV : 26-28 January 2010, San Francisco, California, Conference Detail for Light-Emitting Diodes: Materials, Devices, and . Items 1 - 9 of 9 . Light-emitting Diodes: Materials, Devices, And. Applications For Solid State Lighting XIV 26-28. January 2010, San Francisco, California, United. Ariane 2.0 — Bibliothèque de l'Université Laval Saulius Juodkazis is Professor of nanophotonics and Director of the . spectral control for applications in micro-optics, sensing, solid-state lighting, and solar energy UNSW with the Australian Museum; 2014, Swinburne, Vice-Chancellors San Francisco, California, United States, 27 January-1 February 2018 / Peter R. Widgap III-nitrid Semiconductors
